Ansible

Perry D.

DevOps Architect

Washington DC-Baltimore Area

Experience

Anthem, Inc.

DevOps Architect

July 2020 - Present (1 year 4 months)

Richmond, Virginia, United States

Working as part of Anthem Digital Cloud Support team to help implement a service driven, competitive organizational process based on DevOps/ITIL principles.

Brierley and Partners

DevOps SME

April 2020 - July 2020 (4 months)

Dallas, Texas, United States

Worked on behalf of Quentelli Inc to assess Brierley's DevOps needs and design practices that accelerate the pace of digital transformation

Electronic Arts (EA)

DevOps Architect/ Operations Manager

May 2019 - April 2020 (1 year)

Redwood City, California, United States

Leading a team of cross-functional support team (Big Data and AI professionals from various Big Data streams) to implement a service driven, competitive organization model based on DevOps/ITIL principles.

Lazard Frères & Co. LLC

DevOps Architect

December 2018 - April 2019 (5 months)

New York, New York, United States

Working as part of Contino DevOps group with a team of subject matter experts to identify and document current business and technical requirements for CI/CD Tool Suite which includes creating a reference architecture that addresses Lazard requirements to implement these tools; and to develop a project plan for such implementation using Infrastructure as Code (IaC) tools like Terraform, Ansible and CloudFormation.

The IaC scripted reference architecture will support an environment consisting of the tools - JIRA, Confluence, Bitbucket, Crucible, Jenkins, Artifactory, Veracode, SonarQube, Slack for integration. Key drivers include evaluating technical competencies and technology implementation for expedited software delivery and increase collaboration.

Domino's

DevOps Architect

January 2018 - November 2018 (11 months)

Ann Arbor, Michigan, United States

Activity
